SUBJECT: EXCON: Transportation Dept. Offer of Lic. Ramon CORTEZ to Cooperate with American Export Control Officials																																																							
Dr. Donald CARROLL, attorney from Tyler, Texas, representing Mexican businessman Lic. Ramon CORTEZ, visited the Embassy June 1, 1962 to discuss the case of his client. Mr. Carroll stated his personal belief that Lic. Cortez was anti-communist and that anything he might have done was not for ideological reasons.																																																							

logical reasons. He indicated his client's willingness to cooperate fully with United States Government officials investigating his case and stated further his hope that clemency or immunity could be provided Lic. Cortez in return for his cooperation.

Mr. Carroll was told that the Embassy was not in any position to make any "deal" with him concerning Lic. Cortez, since the case of his client was considered very serious. It was suggested that Mr. Carroll contact the office of the United States attorney in Texas processing Lic. Cortez's case or discuss the matter direct with the Bureau of International Programs of the United States Department of Commerce in Washington.

It was also suggested to Mr. Carroll that Lic. Cortez show his good faith by providing the United States Government with documents and information concerning Cuban purchasing methods in Mexico. Of particular interest was information concerning the part played in transportation activities by officials of the Tap Equipment Company of Los Angeles, California and the American Materials and Equipment Company of Texas, Texas.

Comment

The Embassy has no illusions concerning the character and past history of Lic. Cortez. He has probably approached the

EXCON FOR COMMERCE

In view of the cooperation which has been received from Ramon CORTES, Buenrostro, the Embassy has been attempting to obtain in a discreet manner through various credit and banking sources the information requested rather than to try to obtain the information in a direct manner which might be offensive to Sr. Cortez and cause him to cease cooperating with the Embassy.

Through the above sources the Embassy has been able to confirm that Construcciones Metalicas Industriales de Mexico, S. A., at the address given in the first Airgram under reference, was organized on October 16, 1964 with an authorized capital of 250,000 pesos, that the managers and principals of the firm are Ramon Cortez and Rogelio ALVAREZ and that the company enjoys a good commercial and credit reputation.

All efforts to ascertain the names of any American firms with which Sr. Cortez or his firm do business have had a negative result.

CORTES, Ramon (Buenrostro)

This does not, however, necessarily establish that he has not had such business relations.

If the Department wishes, the Embassy will interview Sr. Cortez and carry out the balance of the instructions contained in A-381 in such a way as to attempt to minimize any adverse reaction on his part.

For the Ambassador,

CORTES, Ramon (Buenrostro)

Sr. Cortez was reportedly surprised to learn that John Ford Building Co. had the outstanding denial order precluded the contractual arrangement made by him with that company. He is pleased that he had experienced no interference by virtue of the denial order in connection with the importation of Oliver order machines and some other items from the U.S.

The Embassy is requested if possible to ascertain the names of U.S. firms that have sold and delivered since 1962 commodities from the United States to Mexico for Sr. Cortez' account or for the account of his firm (s). At the same time, Sr. Cortez should be apprised of the legal recourse available to him if he desires to have the denial order vacated or modified. The applicable procedure is set forth in Section 382.11(c) CES. A copy of Part 382 is attached and may be furnished to Sr. Cortez.

The existence of the Mexican firm named heretofore and the capacity in which Sr. Cortez is associated with it should be ascertained. Any other Mexican and/or U.S. commercial entities with which Sr. Cortez is at present associated, should likewise be identified and his association be fully described.

Debussy because his efforts to shift from a neutral base to with 1941 to 1942. Cortes has now resulted in administrative and judicial action against him. In addition he has an American wife and two American children, plus a home and other property in the United States. The Embassy believes however, that Lic. Cortes may have extensive knowledge which might be of use to United States agencies and officials in enforcing the export control regulations.

CORTES Iruroz, Ramon

President of Transcontinental, Mexican firm transshipping goods to Cuba. Cubans are saying parts being shipped are reconstructed or used instead of new. Subj told Iruroz that these accusations are false. In an effort to frighten the Cubans into cancelling their investigation Subj said HERNANDEZ should receive the Cubans by saying CORTES and HERNANDEZ are major shareholders in a Canadian firm also supplying Cuba with parts and if the Cubans continue their investigation, it will hurt their prestige with the company in Canada.
